ORGANIGRAM

engineers team

scientists team

mathemat. team

materials: tickets
riddle find the link:

solution:

tiny.pl/r6ntd

action: launch the link

materials: computer

materials:
leaflets

riddle (crossword)

solution:

window

action: check the windows

solution:

cabinet

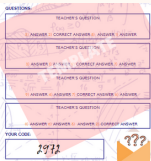

action: check the cabinet

solution:

poster

action: check the poster

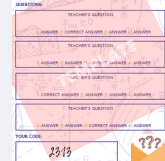

riddle: ABCD task

riddle: ABCD task

riddle: ABCD task

solution:

2972

action: open padlock

solution:

3157

action: open padlock

solution:

2313

action: open padlock

materials:
clue

Pay attention
only to
renewable
energy sources

action: cooperate to find solution

materials: periodic table

action: cooperate to find solution

materials: pictures

action: cooperate to find solution

solution:

open the door

action: open the door for find next clue

engineers team

scientist team

mathemat. team

materials: a key that opens a locked drawer

action: open the drawer with another riddle

materials: printed riddle
riddle: find your colour

solution:
blue

solution:
yellow

solution:
white

action: solve anagram of your color from the cube

materials: shuffled Rubic's cubes
riddle: anagram

solution:
 **Armstrong.**

solution:
 **Gutenberg.**

solution:
 **Röntgen.**

materials: graphic riddle: choose proper sheet linked with your anagram

action: check the backside of choosen page

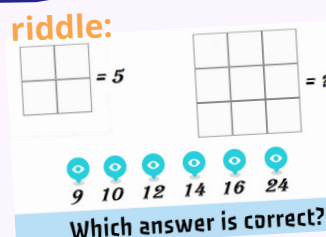

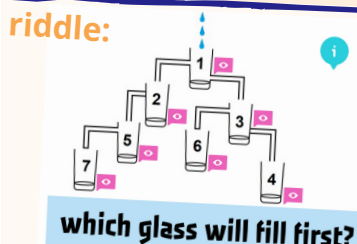

action: scan QR on the backside

action: scan QR on the backside

action: scan QR on the backside

engineers team

solution: 3.

action: click good answer

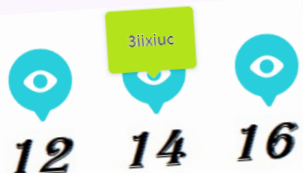

action: write down the code

scientist team

solution: 14.

action: click good answer

action: write down the code

mathemat. team

solution: 2.

action: click good answer

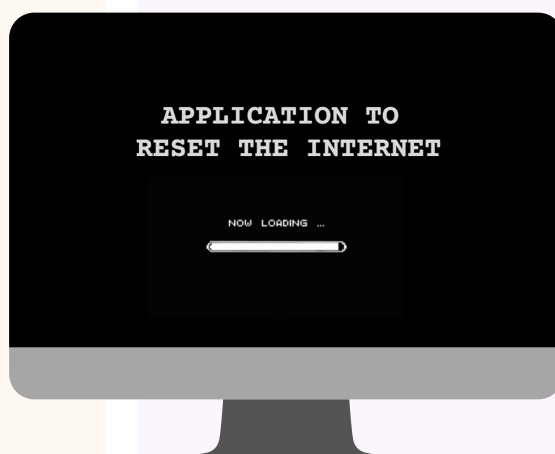

action: write down the code

riddle: create link
from found fragments

solution:
bit.ly/3iixiuc

action: launch the link

materials: computer

action: the game is completed

legend

riddle: task/puzzle for students to solve

solution: puzzle answer

action: action necessary to continue the game

materials: items provided for students

→ pupils split into / retur from the groups
